

WHY YOUR LIBRARY SHOULD GET MORE

AWESOME!

AN ALTERNATE RETURNS BOX FOR ITEMS THAT YOUR COMMUNITY THOUGHT WERE AWESOME

FUN!

Awesome Box is a simple concept that everyone can understand and it's a lot of fun to vote for your favorites and see what others have voted for.

COMMUNITY ENGAGEMENT

Returning items to an Awesome Box requires no extra work from your users. To vote for an item, they simply return it to one spot instead of the other. This is one of the easiest ways to keep the dialogue open with your community. Kids, teens and adults can all easily share what they like with both the library and the rest of the community.

FREE

We provide free software to scan the Awesome items in and display them on the web. You provide a box decorated with our free signage and graphics.

FITS INTO YOUR LIBRARY

We are excited to see the Awesome Box idea used and remixed so feel free to customize in whatever way makes sense for your library and your community. We provide software and some design building blocks that you can choose to either use or not.

BUT WHAT ABOUT...

You control your Awesome Box. It's all up to you. Don't scan questionable items that you don't want displayed on your Awesome site. Don't put the box out when you are too busy to accept new items.

YOU ARE THE LYNCHPIN

Only your enthusiastic implementation and promotion of Awesome Box will make it a success. Be more Awesome!
